ABOUT OUR TEAM

Lyfthaus have a well proven team of experienced and innovative design engineers and creative thinkers who deal solely with the stylish and refined tastes of architectural clients. Placing their clients' needs at the heart of every design, the Lyfthaus objective is to exceed clients' expectations, delighting them by providing an individual and unique service that delivers an uncompromisingly high standard of design, fit and finish to every project.

LYFTHAUS DESIGNS ARE NEVER ABOUT US. OUR CLIENTS ARE OUR FOCUS.

Our designers are not only passionate, skilled and experienced, but are excellent listeners and communicators. We take the time to thoroughly understand our clients and what they want from each individual platform lift project. Only then do we start to think about the design itself.

We are the lift industry's foremost creative designers providing architects with an unparalleled freedom of choice and the source of the very best architecturally inspired platform lift design solutions.

The Lyfthaus Technology Centre near Cambridge

THE LYFTHAUS TEAM DEVELOP TRUSTED RELATIONSHIPS THAT SEE CLIENTS RETURNING TIME AFTER TIME, YEAR AFTER YEAR.

We combine stimulating new trends and finishes with a client's key requirements to guarantee a design that is exclusive, reflecting their own property style and requirements.

Lyfthaus offers expert knowledge and advice, using tailor made designs, hand-crafted studio based manufacturing methods and luxury finishes enabling clients to realise the full potential of their new bespoke platform lift.

AND THINKING WHAT NO ONE ELSE
EVER THOUGHT***

A. Einstein

Bold and beautiful. This incredible design certainly makes a statement in the grand entrance of this refurbished hotel. It's the stunning centrepiece that greets every guest. This platform lift is a design game changer that's been inspired by art deco passenger lifts of the 1920's and 1930's. We have used a laser cut fretwork finished in a bronze metallic PPC, the interlocks are hidden in the header bars.

FREEDOM OF CHOICE FOR ARCHITECTS & DESIGNERS

Working in close liaison with the architect and client under very strict design guidelines this stunning CUBE model was developed.

A beautiful example of a lift that remains honest to the original architecture within a wonderful A-list property.

ART DECO INSPIRED

LOW PROFILE HIGH IMPACT

This Connex model has been linked into the hotels access control system to prevent unauthorised operation using a camera and intercom. The lift has an auto rise wheel stop, grab bar, tray with matching tiles and frameless glass gate with infill wings.

HIDDEN IN PLAIN SIGHT

A superb platform lift with a rather special gate at the upper landing installed at the prestigious Grosvenor Gardens. 1:1 size ratio resin moulds were taken from the original wrought iron balustrade.

We replicated this in aluminium to provide a perfect copy. This lift (supported over the lightwell) transports passengers from street level to entrance level.

***CREATIVITY IS INVENTING,
EXPERIMENTING,
GROWING AND
HAVING FUN***

M.L. Cook

Working in close liaison with the architect and client under very strict design guidelines this exceptionally discreet platform lift at a central London Embassy in South Kensington is used to transport visitors from street level to the visa office at basement level.

A DEVILISH DASH OF THEATRE

A “devilish dash of theatre” is an unusual remit for a platform lift design but this cocktail bar in central Newcastle is all about drama!

The platform lift had to complement the interior styling of the bar perfectly with the use of identical materials.

THERE IS NO DOUBT THAT CREATIVITY IS THE MOST IMPORTANT HUMAN RESOURCE. WITHOUT CREATIVITY THERE WOULD BE NO PROGRESS, AND WE WOULD BE FOREVER REPEATING THE SAME PATTERNS

E. De Bono

This Regent Street store in London is the pride of Gym Shark, its first retail establishment. The lift had to complement the stores design ethos, contemporary, simple, elegant. This is also the first Lyfthaus lift to use our new pivoting plug interlock system.

ARCHITECTURE IS A VISUAL ART, LET THE BUILDINGS SPEAK FOR THEMSELVES

Finished in a bronze metallic pearlescent powder coat with bronze buttons this TBD2000 complements the bronze fin screens in this reception area perfectly. An upper level balcony style gate matches beautifully.

I BELIEVE IN THE IDEALS OF THE FUTURE

BY CELEBRATING THE PAST

This pair of bespoke heritage lifts has been designed to complement the interior of this architectural A-lister perfectly with the clever use of bronze metallic PPC finishes with real bronze capping.

The balustrade matches the design used elsewhere within the property and the stone flooring follows seamlessly into the platform.

This grade 1 listed building is now fully accessible yet doesn't distract or draw attention from the splendour of the adjacent architecture. These lifts were designed in close consultation with the project team.

This gem of a bespoke platform lift uses forged balustrades cast from a 16th century gate found within the castle grounds. Castellations along the top edge and spearheads along the bottom, York stone sets and custom downlighters are included in this truly unique tailor-made example. When raised the lift mechanism is shielded by a concertina screen.

GREAT THINGS ARE DONE BY A SERIES OF SMALL THINGS BROUGHT TOGETHER

V. Van Gogh

Situated in the heart of London's Square Mile this Heritage platform lift has spearhead finials and railings replicated from existing street side balustrades to ensure that the lift is as discreet as possible. The platform is finished with matching York stone and the rear barriers and upper gate are in frameless glass. The platform has sheet steel apron scissor protection and bi-parting gates.

***MAKE VISIBLE WHAT, WITHOUT YOU,
MIGHT NEVER HAVE BEEN SEEN***

O. Winfrey

This bespoke design captures the character of this 266 year old former Police Station, Jail and Court House beautifully. Now a stunning five star hotel in London's Covent Garden, this lift can be found in the entrance lobby and is intended to provide a glamorous reminder of the buildings infamous residents which include the Kray Twins, Dr Crippen and General Pinochet. The lift reflects this heritage perfectly with chemically blackened steel with a bronze lacquer, leaded glass and granite slabs to the platform. The lift is used for disabled access and luggage transportation
